PROFESSIONAL SUMMARY

Computer Science and Engineering student at Dhaka International University with a strong interest in networking, cybersecurity, Linux systems, and IT infrastructure. Currently in the 6th semester and actively preparing for the Cisco CCNA certification through Jeremy's IT Lab. Passionate about learning network technologies, troubleshooting, and system administration. Hands-on experience with Python, Java, C, SQL, Git, Linux, and Flutter, developing software applications and conducting cybersecurity and networking research. Quick learner with strong analytical, problem-solving, and teamwork skills, seeking practical experience through an IT Networking Internship.

EDUCATION

Bachelor of Science in Computer Science and Engineering (CSE)

2023 – Present

Dhaka International University, Dhaka, Bangladesh

Expected 2027

Current Status: 6th Semester

Higher Secondary Certificate (HSC)

2022

GPA: 4.67 / 5.00

RELEVANT COURSEWORK

- Computer Networks
- Operating Systems
- Data Structures & Algorithms
- Database Systems
- Microprocessor & Assembly Language

TECHNICAL SKILLS

- **Programming:** [Python](#), [Java](#), [C](#), [SQL](#), [Dart](#) (Flutter)
- **Networking (Learning):** Basic Networking Concepts, LAN & WAN Fundamentals, IPv4 Addressing, Wi-Fi Networking, OSI Model, TCP/IP Fundamentals, Router & Switch Basics, Network Troubleshooting
- **Operating Systems:** Linux (Ubuntu/Kali), Windows 10/11
- **Cybersecurity:** Capture The Flag (CTF)
- **Tools:** Git & GitHub, VS Code, Android Studio, Microsoft Office, VMware, VirtualBox, Cisco Packet Tracer, ChatGPT, Google Gemini

CURRENTLY LEARNING

- Cisco CCNA (Jeremy's IT Lab)
- **Cisco CCNA (200-301)**
- Linux System Administration
- Network Troubleshooting

SELECTED PROJECTS

Adaptive Firewall AI <i>Python</i> 	Designed an intelligent firewall system in Python for adaptive detection and mitigation of network threats.
Offline Emergency Comms <i>Networking</i>	Designed an infrastructure-free communication system using adaptive hybrid mesh networking.
DIU CPC Web Portal <i>JavaScript</i> 	Developed the official club website using JavaScript.
My Jarvis <i>Python</i> 	Built a Python-based voice-controlled desktop assistant.
University Database <i>PostgreSQL</i> 	Designed a PostgreSQL database system for university management.
Flutter Applications <i>Flutter/Dart</i> 	Developed mobile applications using Flutter and Dart, including encryption-focused applications.

RESEARCH EXPERIENCE & PUBLICATIONS

Conducted research in Network Security, Secure Mobile Communication, Intrusion Detection Systems, Artificial Intelligence, Mobile Security, and Cybersecurity Frameworks. Published and submitted multiple research papers in networking and cybersecurity.

AFFILIATIONS & MEMBERSHIPS

- **Student Member**, IEEE (Institute of Electrical and Electronics Engineers) **Valid through 2026**
- **Member**, IEEE Computer Society (CS) **Valid through 2026**

LEADERSHIP & ACTIVITIES

- **General Secretary**, DIU Computer Programming Club (DIU CPC) **2026 – Present**
- **Treasurer**, DIU Computer Programming Club (DIU CPC) **2025 – 2026**
- **Executive Member**, DIU Computer Programming Club (DIU CPC) **2024 – 2025**
- **Executive Member**, BASIS Students’ Forum
- **Volunteer**, 3rd International Conference on Big Data, IoT & Machine Learning (BIM 2025)
- **Lead Organizer**, CSE Fest Fall 2024

SOFT SKILLS

- **Key Strengths:** Problem Solving, Analytical Thinking, Team Collaboration, Communication, Fast Learner, Adaptability, Time Management

I hereby affirm that the information provided above is accurate and true to the best of my knowledge.
